ART STUDIOS AND INSPIRING SPACES

The Visual Art program looks forward to moving into the purpose-built, 25,000 sq. ft. facility, where a team of distinguished studio-based faculty will prepare students for successful careers in visual art and related fields.

To create a space where visual art students can explore and experiment, and connect with other artists outside of the classroom, UBC seeks community support for the following innovative learning spaces:

**Department Gallery**

The AHVA Department Gallery will promote research through collaboration and experimentation. It will provide resources and opportunities for students, faculty and community members to participate in exhibitions, public programs and talks.

*Floor 1: 231 sq. m. Value: $2 million*

**Print Media Research Centre Studio**

This dedicated space will house the printmaking program and will have the capability to support screen-printing, lithography, intaglio/relief etching and inking presses.

*Floor 2: 350 sq. m. Value: $1 million*

**BFA Studios**

The shared, open-concept studios will provide 4th year undergraduate students with a dedicated space and tools to develop their talents.

*Floor 3: 590 sq. m. Value: $2 million*

**MFA Studios**

Sixteen graduate students will be assigned a dedicated studio for the duration of their 26-month MFA program.

*Floor 4: 419 sq. m. (20-25 sq. m. each) Value: $1.6 million ($100,000 each)
AUDAIN ART CENTRE FLOOR PLAN: LEVEL 1

Value: $1.6 million ($100,000 each)
FUNDRAISING PROGRESS

With Our Thanks

We look forward to discussing your potential support and determining a giving and recognition opportunity that best meets your philanthropic interests. We would be pleased to discuss naming an area in the Audain Art Centre in your honour or in honour of a person who has been influential in your life.

Thank you for your consideration. For more information, please contact:
